TATA COMMUNICATIONS

ACCELERATING THE CLOUD NATIVE ADOPTION

The Indian tech enterprises, startups and SMBs are increasingly choosing Kubernetes for AI/ML, shifting to microservices architecture, containerization, and cloud-native approach for the development and deployment of workloads

- RISING STARTUP ECOSYSTEM
- SURGING BUSINESS DIGITIZATION
- GROWING GOVERNMENT INITIATIVES

- CLOUD continues to gain momentum
- Increasing investments in EDGE, IOT & 5G
- Expansion of e-GOVERNANCE initiatives
- Better DATA management
